

## Mirapoint Inc. Corporate Fact Sheet

<b>Founded</b>	1997
<b>Mission</b>	To become the leading independent messaging company in the world
<b>Company</b>	Mirapoint is the market leader in appliance-based solutions for secure message networks in enterprise, service provider, and education organizations, with more than 115 million mailboxes served and secured worldwide. Customers use Mirapoint appliances including the Message Server mail appliance and RazorGate mail security appliance to build the messaging infrastructure that intelligently serves, secures and manages email. Mirapoint is the only vendor in the industry with proven email server, email archiving and email security appliances that offer carrier-class, 99.999 percent uptime reliability and the industry's lowest total cost of ownership (TCO).
<b>Customers</b>	Over 800 companies across multiple industry segments have adopted Mirapoint solutions, including Toro, British Telecom, University of Georgia, Volkswagen, Cable and Wireless and ST Microelectronics.
<b>Technology</b>	<ul style="list-style-type: none"><li>▪ The Mirapoint Message Server provides a standards-based platform that intelligently serves, secures and manages messages, offering the industry's best price-performance and scalability</li><li>▪ Mirapoint's Message Server M50 is the industry's first appliance to couple rich email and calendaring, with email security — integrated anti-virus and anti-spam — all with Mirapoint's industry leading reliability and lowest TCO</li><li>▪ The Mirapoint RazorGate is an award-winning security appliance that blocks spam, protects against viruses, and filters content for inbound and outbound messages. RazorGate's unique MailHurdle feature blocks a majority of spam and viruses at the network's edge.</li><li>▪ The ComplianceVault email archiving appliance passively and discretely copies all messages and IM messages sent or received within an organization, indexes the messages and places them into a permanent archive for compliance purposes</li><li>▪ The Messaging Reporter is a network reporting tool that gives a holistic view of spam, virus and email trends across the network providing executive and functional level reports</li></ul>
